Complaint	Noise	Loud machinery noise started at 7am this morning. Caller advised the noise was like having a motor bike in his lounge room it was so loud.	11/01/2021 7:26

Complaint	Noise	We were woken last night just before 1am by the commencement of a loud continuous hum from the mine site. It continued for hours until we eventually went back to sleep about 3am. When we got up at 7am this morning we were greeted by yet more loud noise, this time revving and metallic clanging from earthworks being undertaken at the mine site. There was also reverse beeping clearly heard. Not happy. We didn't move to this gorgeous part of the world to be subjected to this type of industrial noise, particularly at such ungodly hours.	11/01/2021 9:27
Complaint	Noise	Loud drone coming from the mine for the last hour at least	12/01/2021 0:40

Complaint	Noise	Humming noise overnight and since 7:30 heavy machinery noise	22/01/2021 8:14
Complaint	Noise	We had another terrible night's sleep at our house last night. From about 3am, for two hours until we fell back to sleep, we could hear a loud, continuous, mechanical roar that intensified in waves. It sounded like a giant fridge running up on the hill! It's incomprehensible to me that our sleep is being disrupted by your operation at a time when we should be getting our most restorative rest. You should be ashamed that profit is being put before the health and wellbeing of this community.	22/01/21 10:20am
Complaint	Noise	Noise - crashes and truck noises	23/01/2021 7:41

Complaint	Noise	Caller would like to lodge a noise complaint from 2.30 am this morning.	25/01/2021 7:11
Complaint	Noise	Noise complaint - Banging, Grinding, scraping and whining. Has been going for approximately an hour - still currently going. Woke up the caller.	25/01/2021 4:34
Complaint	Noise	Caller advised wished to make a complaint she advised she was woken at 1am by a loud harmonic hum, no return call required.	26/01/2021 1:25
Complaint	Noise	Wind has just changed to coming from the North. Inside with all the windows closed and lightly raining the noise is still coming through.	29/01/2021 9:08
Complaint	Noise	Noise woke caller up 00.45. Noise that bad impossible to sleep.	30/01/2021 2:28
Complaint	Noise	Caller advised they have been hearing a humming noise right through the night. Caller said they have complained about the noise before, and it usually cannot be heard over rain. However caller said despite the rain they could hear the noise last night and this morning as it is louder than usual.	30/01/2021 6:52
Complaint	Noise	Machinery noise coming from the mine, been going for hours.	30/01/2021 2:46

Complaint	Noise	Caller advised there has been a loud humming noise all night.	30/01/2021 8:38
Complaint	Noise	Noise - crashes and truck noises	23/01/21 07:41am
Complaint	Noise	Just been woken up about 15 minutes ago from noise. Has logged the noise at 46DBA. Requested a call back from either Katie or Chase on this one at some time.	24/01/21 1:05am
Complaint	Noise	23-24/01/2020 am, offensive intrusive sound pressure causing sleep disturbance and health impact.	24/01/21 5:06am
Complaint	Noise	Caller is lodging a noise complaint. A loud humming from around 06:00 and a lot of heavy machinery since 07:00	24/01/21 8:00am
Complaint	Noise	25/01/2020 2am continuing 5am continuing offensive intrusive noise causing sleep disturbance and health impact.	25/01/21 5:27am
Complaint	Noise	Caller would like to lodge a noise complaint from 2:30 am this morning.	25/01/21 7:14am
Complaint	Noise	26-27/01/2020 1130pm continuing all night now 620 am continuing offensive intrusive noise causing sleep disturbance and health impact. Weather Inversion?	27/01/21 6:23am

Complaint	Noise	215am continuing all night offensive intrusive noise causing sleep disturbance and health impact. Weather Inversion?	28/01/2021 7:17
Complaint	Noise	Noise woke caller up 00:45. Noise that bad impossible to sleep	30/01/2021 2:28
Complaint	Noise	Caller advisd there has been a loud humming noise all night	30/01/2021 8:38
Complaint	Noise	Noise Complaint, caller is hearing 3 different noises	4/02/2021 21:11
Complaint	Noise	Equipment noise, would like a call back during buisness hours please.	4/02/2021 22:42
Complaint	Noise	The mine noise last night and this morning has been off-the-charts loud. There's no temperature inversion or wind blowing our way and still we were kept awake most of last night and I can hear it now (8.30am) inside with the doors and windows shut. Not. Cool. It's a loud mechanical rumbling sound... I assume it's the crushing plant.	05/02/21 8:32am

Complaint	Noise	<p>Another early Saturday morning in Majors Creek ruined by your mine. Please log this as an official complaint about your noise bullying our village awake and please spare me any response about operating within acceptable limits. How is it possible you are proposing to run your crusher 24 hours a day? Do you not realise the community will oppose this and you are about to enter a public relations minefield? It is a travesty this enterprise was ever permitted in such a ridiculous location. I will, of course, be taking my complaints to the EPA and the media.</p>	06/02/21 8:33am
Complaint	Noise	<p>Offensive intrusive noise disturbance causing sleep disturbance and health impact. We have this happening every night during February 2021 up to and including the 14/02/2021 with the exception of the 6-7/02/2021 which was less impacting. The impact is greater especially during the am part of the night and there has been a weather inversion on most nights during that period which enhances the impact. With the added drilling this does increase the impact overall. The drills are noticeable on start up and then add to the impacting hum. We hope you overcome all these impacts.</p>	15/02/21 8:21am
Complaint	Noise	<p>The noise from your Dargues mine last night and this morning was and is offensive. It envelopes our once-peaceful village.</p>	19/02/21 8:56am

Complaint	Noise	19/02/2021 430am-6am Offensive intrusive noise disturbance causing sleep disturbance and health impact. Why would the mine site during night time not have the responsible control of this Noise disturbance and impact?	19/02/21 9:55am
Complaint	Noise	9.20pm. Your mine noise is still rumbling across our village as it has been all day and throughout the previous night.	19/02/21 9:30pm
Complaint	Noise	Last night, your mine noise could be heard through our bedroom walls, interrupting our sleep. This morning, again, it rings across our village. People in cities or even those who live next to freeways are not subject this sort of abuse, why are we?What other once-tranquil country village must endure what amounts to a giant refrigerator running 24 hours a day on top of a hill? Whatever noise controls you may allege are being undertaken are not working. These complaints will continue and will be shared with the appropriate authorities and the media until the noise stops. Of course, there is also your light pollution and shocking erosion of village amenity which also needs to be addressed.	20/02/21 5:42am
Complaint	Noise	Noise now at the proportion of several jet engines. Seriously, this sort of abuse all before 7am?Surely you cannot be surprised you would be flooded with complaints?	20/02/21 7:14am

Complaint	Noise	Woken up to humming noise at 3:20am	20/02/2021 7:51
Complaint	Noise	400am-6am 705am -755 am.Strongly believe the proponent was outside of the compliance between 705am and 755 am and also this type of work could be carried out later in the morning and let the residents have their Morning rest. This is what a good neighbour should do. The area where this Work is carried out could be attenuated better.Offensive intrusive noise disturbance causing health impact. Why would the mine site during this time not have the responsible control of this Noise disturbance and impact?	20/02/21 8:16am
Complaint	Noise	Noise Complaint. Caller request attenuation of drill rigs via hay bales.	20/02/21 11:39am
Complaint	Noise	Caller is wanting to make a complaint about the noise from the mine at about 0800hrs today	20/02/21 05:12pm
Complaint	Noise	Caller advised he was woken at about 4:15am this morning with ongoing noise and would like to lodge the complaint	21/02/2021 7:11
Complaint	Noise	Caller advised that on 7am Saturday 20/02 there was a loud noise coming from the mine.	23/02/21 9:00am

Complaint	Noise	Calling to log a noise complaint regarding a loud humming noise that started at 3 am	25/02/21 8:09am
Complaint	Noise	Noise from the mine is unacceptably loud this morning. Nothing like Saturday but still easily heard from inside with the doors and windows closed. I can hear the crusher, a dull, low-frequency drone and the revving of heavy machinery. Heard since 7am.	25/02/21 8:57am
Complaint	Noise	Noise complaint up in the last 30 mins can hear it loud machinery noise.	25/02/21 11:02pm
Complaint	Noise	Very loud scrapping/ rumbling noise can be heard this morning.	01/03/21 7:13am
Complaint	Noise	Woken last night at about 1:15am from a loud humming machinery noise.	01/03/21 7:16am
Complaint	Noise	Calling with another noise complaint - Heavy industrial noises from 07:00. Please call.	01/03/21 7:22am
Complaint	Noise	I'm at my kitchen bench (it's 7.20am), with the doors closed, and can clearly hear the crushing plant. From our verandah, it sounds like there's a plane approaching from up on the hill. This is unacceptable! Whereas once we woke to birdsong, now we wake to industrial noise. This lack of noise attenuation shows complete contempt for our community...	01/03/21 7:24am

Complaint	Noise	Calling to complain about the noise from the mine at the moment, industrial machinery noise. Does not require a return call today.	01/03/21 9:32am
Complaint	Noise	Sitting on my verandah at 7.27am trying to enjoy my morning coffee and all I can hear is the loud roar of the crushing plant - like rocks in a tumble dryer - interspersed with the dumping of rocks and a constant rumble like a train travelling on train tracks. Now a more high-pitched whining and revving noise from some machine. Why should we have to put up with this? It is so unfair on this community...	02/03/21 7:30am
Complaint	Noise	Heavy industrial noise from 07:15 this morning 02/03/21.	02/03/21 5:55pm
Complaint	Noise	Noise complaint that just woken up caller, Caller is reporting a lot of heavy machinery noises. Still going during the phone call.	04/03/21 3:23am
Complaint	Noise	Loud machinery/ trucking noise was heard at about 3:30am last night.	04/03/21 07:08am
Complaint	Noise	Loud heavy machinery noise could be heard this morning. Caller would like a return call regarding what the noise is.	04/03/21 07:13am

Complaint	Noise	Calling from Majors Creek. Machinery and rumbling and the clunking of trucks. Started very early from about 6.30 and quite loud by 7am. The noise is still going on now. Not very nice for a Sunday morning. Caller advises this is nothing new. The Caller sounded quite exasperated. She said there is no need to call back she just wants her complaint taken.	07/03/21 08:24am
Complaint	Noise	Caller would like to register a noise complaint in regards to mining noise, Caller advised that it has been going all morning. Please call.	07/03/21 11:15am
Complaint	Noise	Trucks unloading at approx 05:30 this morning.	07/03/21 07:06am
Complaint	Noise	Noise from the mine was really loud just before 10pm last night and it is again right now, 7.35am. Rumbling from the crusher (like rocks in a clothes dryer), heavy machinery revving and an underlying roar can be heard inside with the doors and windows closed.	08/03/21 07:37am
Complaint	Noise	Loud humming squealing noise coming out of the mine tonight. Caller stated he has to leave for Sydney at 05.00 but with the noise there is no way he can get to sleep.	8/03/21 08:46pm

Complaint	Noise	Noise from the mine is so loud right now (8.45pm) that we can hear it over the TV! It's a constant loud whirring noise, like a motor, fan, generator or similar. It's so unfair our village has to put up with this intrusion on our lives.	08/03/21 08:47pm
Complaint	Noise	Low deep rumbling noise, an hour ago was a lot louder. Industrial roar sound that sounds like living next to steelworks again.	8/03/21 08:49pm
Complaint	Noise	Your mine - at 8.40pm - is keeping my family awake. The noise is again shattering the peace of this small village. Whatever you allege you are doing to stop the noise is not working. How long do you think Majors Creek residents will put up with this?	08/03/21 08:53pm
Complaint	Noise	Low dense industrial noise. Caller stated they requested a call and has not heard from anyone. Stated there is no community communication and there needs to be.	08/03/21 09:05pm
Complaint	Noise	Offensive intrusive noise disturbance all night causing sleep disturbance and health impact.	09/03/21 06:10am

Complaint	Noise	The noise from the mine is very loud this morning, possibly not helped by misty conditions. Sitting here on my verandah trying to work and enjoy my morning coffee, I can clearly hear rocks being dumped, rocks rolling around in the crusher, metallic crashing and the constant roar of machinery. It's not fair this industrial noise is ruining my enjoyment of my own life and property. Spend some money to make it quieter!	10/03/21 09:33am
Complaint	Noise	Offensive intrusive noise disturbance all night causing sleep disturbance and health impact.Mitigation is not working	11/03/21 07:13am
Complaint	Noise	05:30 noise started, different noise than now. Humming noise like a giant vacuum cleaner. 08:00 Crusher/machinery/rumbling noise.	11/03/21 07:56am
Complaint	Noise	Caller was woken 01:00 and 03:30 from noise. Noise was Machinery humming.	11/03/21 08:25am
Complaint	Noise	This morning in bed, I could clearly hear the mine inside with the windows closed at 7.10am (loud metallic clanging, rocks rolling around in the crusher). At 8am going to the bus stop, it sounded like a jet engine taking off from up on the hill. Now at 8.57am I am in my studio trying to work and I can still hear it roaring away. This noise is out of control and is not only ruining my day but my enjoyment of my home ... the place that was my sanctuary before this intrusive industrial noise.	11/03/21 09:01am

Complaint	Noise	10.18pm and your mine again assaults us as we try to sleep (never mind the appalling light pollution).	11/03/21 10:28pm
Complaint	Noise	Caller advised there is a very loud lumping noise that can be heard this morning from the mine. The noise has been increasing on a regular basis.	12/03/21 07:32am
Complaint	Noise	Another beautiful misty morning ruined by industrial noise from the mine. At 7.30am I returned from Braidwood to hear a loud droning roar from up on the hill. This on top of the same roar all night and light pollution I can see from my bedroom window. How do you people sleep at night knowing this is what you're doing to this community?	12/03/21 08:32am
Complaint	Noise	Another peaceful night shattered by your mine. Whereas once we had silence, our village is assaulted by industrial roaring and at 10pm, no less. The light pollution is also particularly offensive for a bush town that once enjoyed a clear night sky (just one of the reasons we chose to live here, before your mining concern came to pillage the place). If your company gave one single damn for the community it is systematically destroying (nice work getting ratepayers to fix the roads, by the way), it would at least address this issue. All it takes is money. Perhaps your rapacious corporation could stop breaking the law and use the funds it reserves for various fines to shell out for a few dimmers?	12/03/2021 22:44

Complaint	Noise	Noise has been going since 07:00 and hasn't stopped. sounds like a loud pounding/rumbling. Possibly a crusher.	13/03/2021 8:32
Complaint	Noise	The last thing I heard last night before falling asleep about 10pm? The mine. The first thing I heard this morning on waking? The mine. It's a loud droning roar with undertones that sound like a freight train on rails (which I think is in fact the crushing mill). Unfair doesn't seem to begin to describe what you're doing to this community.	15/03/2021 7:56
Complaint	Noise	22/03/2021 3am offensive intrusive noise disturbance causing sleep disturbance and health impact. In the past seven nights since 15/03/2021 we have had 4 nights that between the hours of 2am and 6am we have had these disturbances. The only time we do not hear the mine is during torrential rain fall.	22/03/2021 9:16
Complaint	Noise	Constant machine rumble, been going all day and still going	22/03/2021 22:00
Complaint	Noise	Droning noise very loud	23/03/2021 0:19
Complaint	Noise	Noise complaint - deep rumbling noise	24/03/2021 19:15

Complaint	Noise	Would like to lodge noise complaint. Advised there has been a low frequency engine/machinery noise going last night and now again tonight.	24/03/2021 20:20
Complaint	Noise	Caller wishing to put in a complaint on behalf of his wife also.	27/03/2021 1:15
Complaint	Noise	All the time, humming noise or a loud rock breaker/crash. The hum is main the concern. Caller is a musician and the sound is affecting his work as he works from home.	27/03/2021 5:20
Complaint	Noise	Noise is still continuing, caller called this morning 04:00. Caller says it is a rock tumbling sound. Worse than the humming. Caller is getting increasingly frustrated, as it is becoming more and more annoying, and getting worse.	27/03/2021 8:17
Complaint	Noise	Noise complaint - started at least an hour ago, The whine started about 2am. Quite loud now - sounds like a railway station at the moment	28/03/2021 8:38
Complaint	Noise	Another Sunday morning ruined by the roaring and rumbling of your mine. Outrageous and offensive and surely illegal. Stop the noise or your mine will be taken to task.	28/03/2021 8:44

Complaint	Noise	<p>The noise from the mine this morning is NEXT LEVEL. I'm inside with the doors and windows closed and can clearly hear the roar of machinery, rocks tumbling around the crusher, and rocks being dumped. It sounds like a freight train roaring along tracks. Another perfect Sunday morning in the Creek ruined by industrial noise from your site. If you care so much for this community, how about you DO something to protect us from the negative aspects of your operation? I hear you guys talking about noise attenuation but want to see (and hear) action. You're treating this community with absolute contempt!</p>	28/03/2021 9:06
Complaint	Noise	<p>Caller advised of continuous hum, all day & all night, caller advised it driving him crazy, caller advised he is a musician and it is affecting his work. Caller advised he moved here 20 years ago and there was never any talk or discussion of a mine. Caller advised he does not require a call back, but wanted to note what was the point of making these complaints when nothing ever changes.</p>	28/03/2021 10:41
Complaint	Noise	<p>Caller wishing to make a noise complaint, noise all morning - General mine noise machinery, crushing etc.</p>	28/03/2021 14:03
