Title	Complaint Type	Details	Date and Time
Complaint	Noise	Caller advised mine is "particularly noisy this morning"; with excessive drilling, clanging, banging, metallic sounds, additional heavy construction noise as well as the usual noise level.	18/05/2021 9:22am
Complaint	Noise	Calling to make a noise complaint there is a lot of machinery noise and a metal bucket scraping sound he was woken at 5 am this morning by the noises.	18/05/2021 09:13am
Complaint	Noise	Calling for a noise complaint - the worst it's been in a month. Noise started @ 22:30 - at 00:30 woke by a loud crushing sound. Woken again for more intermittent loud noises though out the night. At approximately 05:45, the noise was loud enough to stop them from getting any more sleep. Please call.	22/05/2021 07:04am
Complaint	Noise	I went to bed at 10.30pm listening to industrial-level noise from the mine (easily heard inside with the doors and windows closed) and have just woken up at 7.40am to the same nuisance noise. The best way I can describe it is like a freight train rumbling along on tracks. At least if it WAS a train we'd get some respite! This is not why we moved to Majors Creek and the mine's management should be ashamed that they are subjecting residents to this noise and ruining the amenity we previously enjoyed. Spend some money and fix the problem!	22/05/2021 7:44am
Complaint	Noise	Official complaint. Please log. Another start the weekend ruined by your operation. Truly offensive noise and probably illegal. When can we expect a community meeting via which you will explain how you're going to fix this issue?	22/05/2021 9:57am
Complaint	Noise	Noise going since 00:45 last night , still going now.	23/05/2021 08:21am

Title	Complaint Type	Details	Date and Time
Complaint	Noise	Caller would like to make a noise complaint in regard to the noise coming from the mine, Caller advised that she has gotten home from a night shift at around 07:00 and the noise is a lot louder than what it normally is. Please call.	24/05/2021 08:30am
Complaint	Noise	Industrial-level noise from the mine woke me up this morning at 5.15am and it increased in intensity about 7am and is still so loud I can easily hear it inside my house with the doors and windows shut. It's obviously the crushing plant but it sounds like there's a train station up on the hill. This is so unfair! Why are we being subjected to this noise? We moved here for the peace and quiet and now have to endure this nuisance noise from a company who has done nothing to improve it. Our amenity and enjoyment of our own homes is being ruined by your greed. Please spend more money to reduce the noise, it's having a detrimental affect on our lives.	24/05/2021 8:47am
Complaint	Noise	Caller asked if the drone noise could be stopped, it is very loud, and she feels unable to work outside. Please call.	24/05/2021 3:58pm

Title	Complaint Type	Details	Date and Time
Complaint	Noise	Industrial noise from the mine is unacceptable loud AGAIN this morning. I'm trying to work inside my studio (doors and windows closed) and can easily hear the loud rumble of the crushing plant. In what universe is this okay? Not only can I not enjoy the amenity of my own home, I also can't concentrate and am being distracted by nuisance noise while I attempt to work. Last night when I went to bed, mine noise was the last thing I heard before finally falling asleep and this morning at 5am, mine noise was the first thing I heard when I awoke. How do you people sleep at night knowing this is how the mine is affecting residents?	25/05/2021 09:20am
Complaint	Noise	Official complaint: extremely loud this morning. Jet engine on the hill and tumbling rocks. Ringing out across the entire village. Not good enough.	31/05/2021 9:37am
Complaint	Noise	Terrible noise. Has not stopped all day. Continued torment of this community paints the recent community meeting as nothing but a cynical PR exercise. Disappointing but not surprising. Time for the EPA to get involved (again).	31/05/2021 2:55pm
