

JUNE QUARTERLY UPDATE AND OUTLOOK

20 July 2023

ASX Code: AMI

ersonal use only

FORWARD LOOKING STATEMENTS

This presentation has been prepared by Aurelia Metals Limited (“AMI” or the “Company”). It should not be considered as an offer or invitation to subscribe for or purchase any securities in the Company or as an inducement to make an offer or invitation with respect to those securities. No agreement to subscribe for securities in the Company will be entered into on the basis of this presentation.

This presentation contains forward-looking statements that are not based on historical fact, including those identified by the use of forward-looking terminology containing such words as “believes”, “may”, “will”, “estimates”, “continue”, “anticipates”, “intends”, “expects”, “should”, “schedule”, “program”, “potential” or the negatives thereof and words of similar import.

AMI cautions that these forward-looking statements are subject to risks and uncertainties that could cause actual events or results to differ materially from those expressed or implied by the statements. The Company believes that the estimates are reasonable, but should not be relied upon.

AMI makes no representation, warranty (express or implied), or assurance as to the completeness or accuracy of these projections and, accordingly, expresses no opinion or any other form of assurance regarding them. The Company does not intend to publish updates or revisions of any forward-looking statements included in this document to reflect Aurelia’s circumstances after the date hereof or to reflect subsequent market analysis, other than to the extent required by law.

By its very nature, production and exploration for gold and base metals is a high risk business and is not suitable for certain investors. Potential investors should consult their stockbroker or financial advisor. There are a number of risks, both specific to AMI and of a general nature which may affect the future operating and financial performance of AMI and the value of an investment in AMI including and not limited to economic conditions, stock market fluctuations, commodity price movements, regional infrastructure constraints, equipment availability, timing of approvals from relevant authorities, regulatory risks, operational risks, reliance on key personnel and foreign currency fluctuations.

You should not act or refrain from acting in reliance on this presentation material. This presentation does not purport to be all inclusive or to contain all information which its recipients may require in order to make an informed assessment of the Company’s prospects. You should conduct your own investigation and perform your own analysis in order to satisfy yourself as to the accuracy and completeness of the information, statements and opinions contained in this presentation before making any investment decision.

Non-IFRS Financial Information

The Company results are reported under International Financial Reporting Standards (IFRS). This presentation also includes non-IFRS information including EBITDA. The non-IFRS information has not been subject to audit or review by the Company’s external auditor and should be used in addition to IFRS information.

This presentation has been authorised for release to the ASX by the Board of Aurelia Metals.

JUNE 2023 QUARTER HIGHLIGHTS

Record safety performance	FY23 guidance achieved	Balance sheet to fund growth	Remobilised to Federation	New MD and CEO appointed
<ul style="list-style-type: none"> ✓ Zero Recordable Injuries for six months to June FY23 ✓ 12-months Recordable Injury free at the Dargues Mine 	<ul style="list-style-type: none"> ✓ FY23 production and cost guidance achieved ✓ FY23 AISC of A\$2,315/oz ✓ Hera transition to C&M on schedule, on budget ✓ June Quarter Group metal production of 16.0koz gold, 0.5kt for copper, 4.4kt for zinc, and 4.1kt for lead with a AISC of A\$2,212/oz 	<ul style="list-style-type: none"> ✓ Financing package with Trafigura finalised ✓ A\$40M equity raise completed ✓ Existing debt facility repaid in full ✓ A\$56.8M cash backing will be returned once performance bonds are replaced 	<ul style="list-style-type: none"> ✓ Underground development activities expected to recommence in early August 2023 ✓ Equipment already arriving on site ✓ Appointment of Michelle Tracey as Project Director 	<ul style="list-style-type: none"> ✓ Appointment of Bryan Quinn as Managing Director and CEO ✓ CEO's 100-Day Plan

FY23 GUIDANCE DELIVERED

Demonstrates improved operational stability

Group Output		June Quarter Actual	March Quarter Actual	FY23 Actual	FY23 Guidance ¹ ± 5%
Gold	koz	16.0	26.1	86	83
Copper	kt	0.5	0.6	2	2
Zinc	kt	4.4	5.1	21	21
Lead	kt	4.0	4.8	19	20
AISC ²	(A\$/oz)	2,212	1,884	2,315	2,300

1. FY23 outlook is indicative only and subject to change in response to prevailing and/or expected operating and market conditions.
2. Group AISC is the total of on-site mining, processing and administrative costs, inventory adjustments, royalties, sustaining capital, corporate general and administration expense, transport, less by-product credits, divided by gold ounces sold. By-product credits include silver, lead, zinc and copper sales forecast over the outlook period. FY23 AISC guidance of A\$2,300/oz was based on base and silver metal prices of: lead A\$2,905/t, zinc A\$4,898/t, copper A\$11,627/t and silver A\$30.4/oz.

SAFETY AND ENVIRONMENT

Superior safety performance delivered

- Zero Recordable Injuries for six months to June 2023
- 12-month moving average Recordable Environmental Incident Frequency Rate (REIFR) reduced by 17% to 2.91 (30 Jun 22: 3.50)
- Named as finalist in the NSW Mining HSEC Awards for Environmental Excellence

Group Total Recordable Injury Frequency Rate (TRIFR)
12-month moving average

Group Total Recordable Environmental Incident Frequency Rate (REIFR) 12-month moving average

RECORD SAFETY PERFORMANCE AT DARGUES

Demonstrating effectiveness of safety programs

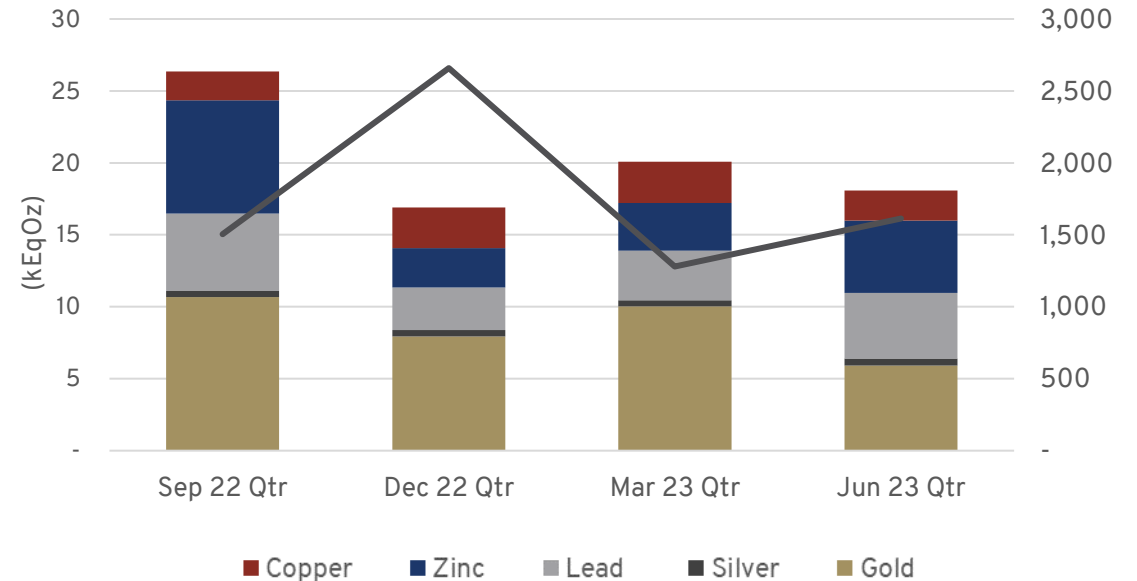

- Dargues Mine achieved 12 months recordable injury free in May which reduced the site's TRIFR to zero
- Outcome underpinned by high compliance with proactive safety leadership programs
- The achievement highlights how keeping our people safe has, and will continue to remain, a top priority for the business

PERFORMANCE | PEAK

Ongoing initiatives to lift performance

- Consistent quarterly ore production at 109kt (MarQ: 107kt) and processing volumes at 107kt (MarQ: 106kt)
- Higher lead-zinc production from a greater proportion of lead-zinc ore (63% vs MarQ: 52%) at better base metal but lower gold grades
- Major shutdowns completed for SAG mill reline and shaft conveyance replacement
- Program underway to reduce unit cost and lift development rates

Peak Gold Equivalent Production & AISC (\$A/oz)

PERFORMANCE | DARGUES

Sustained operational performance

- Strong production volumes with mined ore 3% higher at 88kt (MarQ: 86kt) and a 5% uplift in ore processed to 99kt (MarQ: 94kt)
- Development advance reduced 32% to 476m (MarQ: 702m) in line with plan, with all headings completed on the lowest stoping level
- Development transitioned to higher grade stoping blocks in historical upper mining levels
- Site unit cost reduced from prior quarter due to lower expenditure and higher processing volume
- Lower sustaining capital due to the planned reduction in capital development

PERFORMANCE | HERA

Facilities on care and maintenance with last gold bar poured

- Care and Maintenance completed on schedule and on budget
- Contractors, plant and personnel demobilised during the June quarter
- Care and maintenance program in place to preserve facilities to support Federation development and future processing operations
- Plant clean-up resulted in 540oz of additional gold sold

WORKING SMARTER SUMMARY

Embedding a continuous improvement culture

- Working Smarter program launched in November 2022
- 601 initiatives registered since inception with 220 initiatives selected and actioned to completion
- Program delivered a total cost savings and efficiency equivalent value **\$25.6M**, significantly higher than the \$24M target

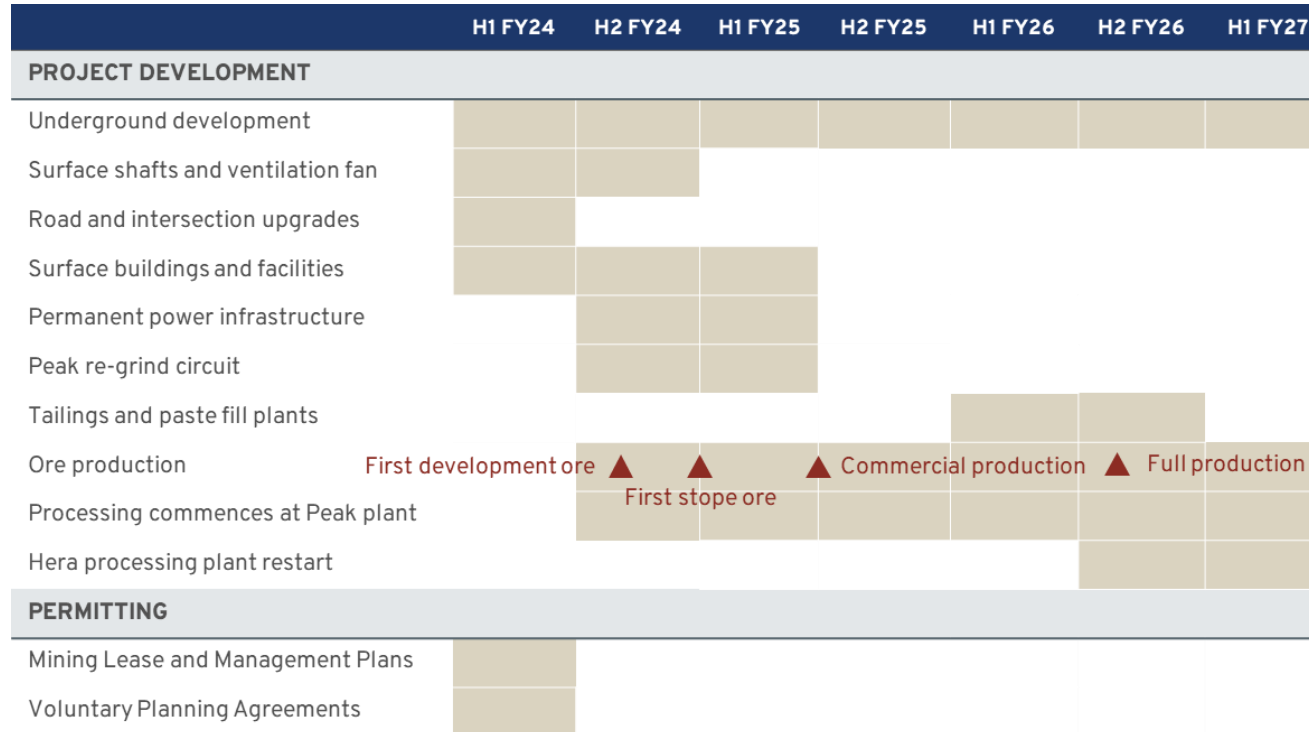

Service Crew C at Peak implemented a Loadscan scanner at Peak and New Cobar.

Every truck coming from our mines now has its haul volume scanned.

These improvements in tonnes moved will feed into continuous improvement plans for our mining team, increase productivity and support safe production.

FEDERATION PROJECT TIMELINE

Decline development to resume early FY24

Michelle Tracey appointed as Project Director

Deep project experience globally

- Project delivery in Australia, Peru and Canada
- Study delivery in Jamaica, Peru, Columbia, Australia and USA

Understanding of New South Wales mining

- Newcrest Mining – Ridgeway Deeps
- Evolution Mining – Cowal underground

Operational readiness, commissioning and ramp up

- Rio Tinto Boyne Smelters Line 3 Expansion
- Newmont Groundrush Tanami Mine
- South32 Eagle Downs

Activities in progress now

- Mine development contractor remobilising
- Execution planning for Peak Mine process plant additions
- Ventilation shafts construction planning and tender works in progress
- Procurement underway for upgrades to local roads for ore transport

FINANCIAL OUTCOMES

Balance sheet now debt free following refinance

- Strong cash flow from operations of A\$14.9M, mainly from Peak and Dargues
- Hera care and maintenance transition now complete. Ongoing costs less than A\$1M per quarter
- Cash balance at 30 June 2023 of A\$38.9M. Significant increase in cash in the September 2023 quarter from completion of the refinance

FINANCIAL CLOSE OF NEW FACILITIES

Balance sheet fully funded to develop Federation and Great Cobar

CEO'S 100-DAY PLAN

Roadmap to unlock significant shareholder value

AURELIA SNAPSHOT

Shareholder register composition

ASX: AMI

Share price (19 July 2023)	A\$0.096
Shares on issue	1,685M
Market capitalisation	A\$161M
Net Cash (30 June 2023)	A\$30.7M

Board and management
